"FOR DIVERS WHO DEMAND THE BEST"

(F) R22J—TRIESTE J TWO STAGE WITH RESERVE \$110.00
 The TRIESTE J two hose regulator with built-in reserve unit. Smallest and most compact unit on the market; easy, more convenient adjustment of second stage and demand lever than any other regulator. Positive engagement of second stage diaphragm. (Pack 1, 4½ lbs.)

SWIMASTER REGULATORS

Through the combined efforts of engineering and testing both in the laboratory and in actual diving conditions, Voigt has now made it possible to produce the finest regulators available.

A minimum number of parts makes simplicity of operation, less need for repairs and maintenance. All forgings are Navy brass, heavy chrome plated. Stainless steel parts are permanently lubricated for life of regulator.

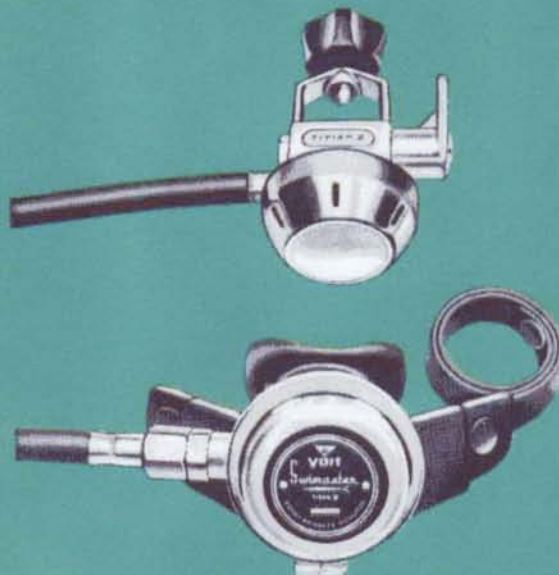

Many of the parts are interchangeable, making servicing simple. All regulators are guaranteed to be free from all defects of workmanship or materials.

NEW

(F) R12J TITAN II REGULATOR \$97.00

For the first time in the history of the diving world, Swimaster has incorporated the same time-proven first-stage unit in both the two-hose and single-hose regulator. The Titan II has the following outstanding features:

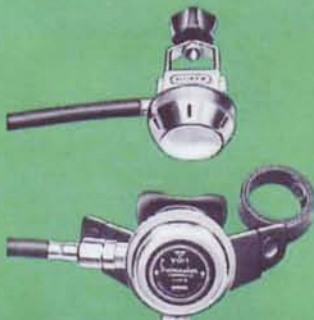

- ◆ Fully balanced first stage.
- ◆ Extra large exhaust ports.
- ◆ Less inhale or exhale effort than any other regulator.
- ◆ 300 lbs. constant reserve.

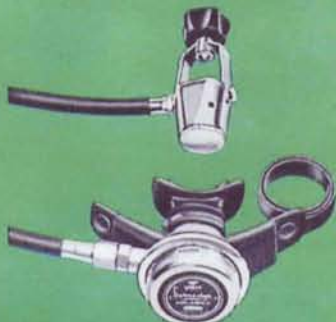

NEW

(F) R-22 TRIESTE TWO STAGE REGULATOR \$95.00
 Provides all the features of the Trieste J except without the reserve unit. The V-1JR can be added at any later time. Fewer internal moving parts than any other regulator. One screw to remove for disassembly of regulator case. Exhaust valve is pressure balanced for effortless exhalation. Serial number for your protection. (Pack 1, 4 lbs.)

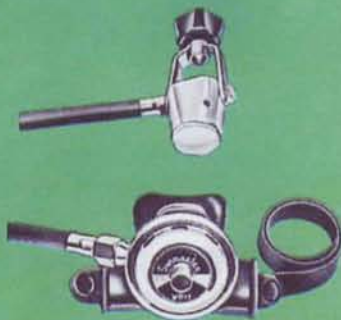

NEW

(F) R12 TITAN II REGULATOR \$82.00
 Provides all the features of the R12J plus the constant reserve unit (V-1JR) can be installed at any later time. (Pack 1, 4 lbs.)

NEW

(F) R14 POLARIS II REGULATOR \$58.95
 Piston type first stage, only one moving part. Same second stage as R12; new larger exhaust valve. Chin rest and exhaust tee one piece, large flush purge button provides an easy means for purging water out of second stage. (Pack 1, 3 lbs.)

(F) R11 "LITTLE GEM"† REGULATOR \$45.00
 Piston first-stage with only one moving part, protected by a back-up ring that seals out fouling sediment. Simplified tilt-valve second stage. Exhaust ports are recessed and combined with the chin rest and neck strap into a single streamlined unit. Aerodynamic designed snag free case. Serial-number for your protection. (Pack 1, 2½ lbs.)

SWIMASTER VALVES

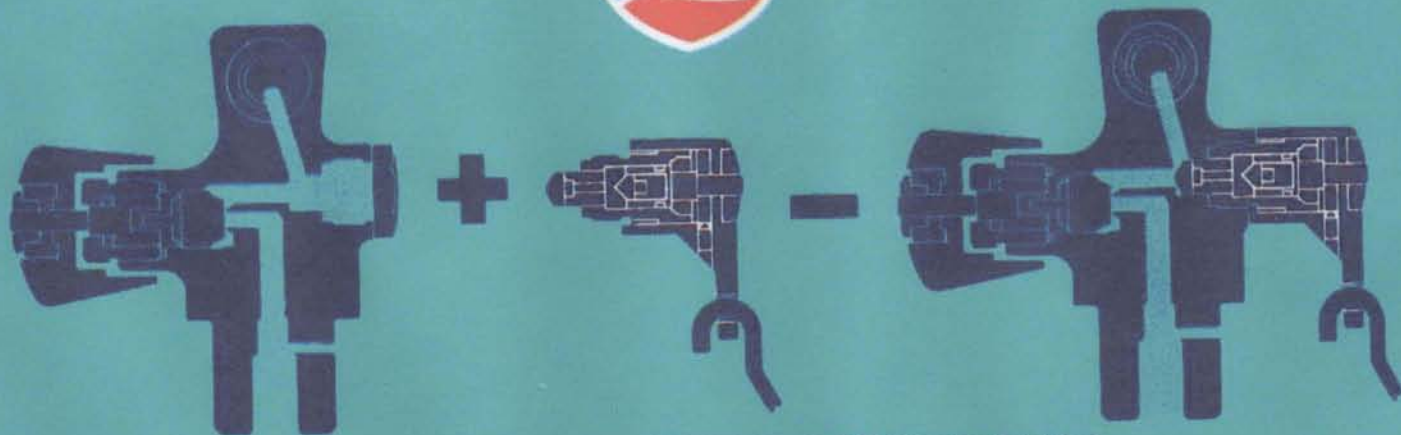

V-1K

V-1JR

V-1J

With the V-1JR Reserve Unit, a V-1K Valve (or an R-22 Swimaster Regulator) can be quickly and easily converted into a complete constant reserve unit.

SWIMASTER VALVES

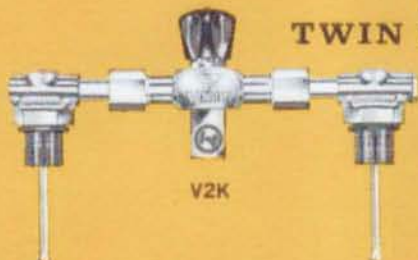

The all new V-1K and V-1J Swimaster valves are the smallest and most compact valves on the market today. All parts are stainless steel or highly polished Navy brass forgings and are permanently lubricated for life long protection. All valves have a safety port to provide warning against accidental removal of valve while tank is under pressure. All valves have $\frac{3}{4}$ " - 14 NPSM straight threads and O-ring seal with positive leak-proof design accepted by the Department of the Navy.

(F) V-1J SWIMASTER CONSTANT RESERVE VALVE \$33.95
Stainless steel. Compact design. The new V-1J valve maintains a constant reserve pressure of 350 p.s.i. Sure-grip side wheel knob makes it easy to open and close valve even with wet gloved hands. Easy removal of valve for maintenance and visual inspection of tank interior. Reserve has a positive and pronounced detent mechanism to prevent accidental actuation. (Pack 1, 1 1/2 lb.)

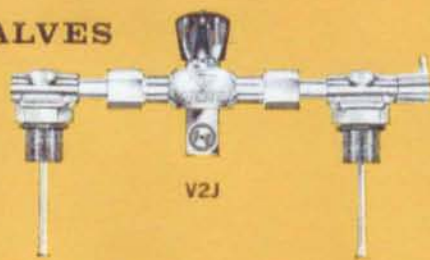

(F) V-1K SWIMASTER NON-RESERVE VALVE \$16.95
All the quality features of the V-1J valve except no reserve mechanism. K valve has a pressure gauge adapter which can be installed while cylinder is under pressure to allow for easy installation of submersible pressure gauge. Through the separate available reserve unit, a K valve can be converted to a J valve easily, quickly and safely. (Pack 1, 1 lb.)

(F) V-1JR RESERVE UNIT \$17.95
The V-1JR Reserve Unit can easily be installed in a V-1K valve or an R22 two hose regulator to make them into full reserve units. All parts are stainless steel or highly polished navy brass forgings and are permanently lubricated for life-long protection. (Pull rod not included.) (Pack 1, 1/2 lb.)

SWIMASTER TWIN MANIFOLD VALVES

V2K

V2J

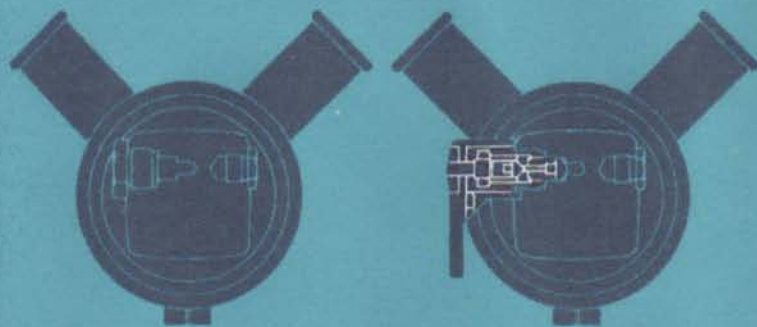

Twin valves will not be available until May 15, 1967 or sooner.

Entirely new design with clean smooth lines and lowest profile on the market. Available with or without constant reserve. Reserve unit can be installed any time. All fittings sealed with positive O-Ring seals to prevent any possibility of leaks. Same interchangeable reserve unit used on V-J valve and R-22 and R-12 regulators. Sure grip spin wheel knob can be positioned on top or bottom for added versatility. Valves have $\frac{3}{4}$ " - 14 MPSM threads and O-Ring seal with positive leak-proof design accepted by the Department of the Navy. Both valves have safety port to warn against accidental removal of valve while tank is under pressure. Designed for fast, easy maintenance

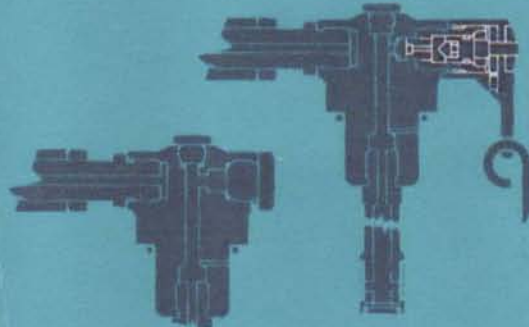

and years of trouble free service. Manifold has safety plug in both body forgings to guard against over pressurizing either tank.

(F) V-2K MODERATE RESERVE \$53.95
O-Ring seal, $\frac{3}{4}$ " threads. V1JR can be installed on left or right side, converting to constant reserve. (Pack 1, 4 lb.)

(F) V-2J TWIN CONSTANT RESERVE VALVE ASSEM. \$68.95
Deluxe. Reserve set at 500 p.s.i. Sure-grip knob. Will accept underwater pressure gauge. Two safety blow-out plugs. (Pack 1, 4 lb.)

The all new V-1JR reserve valve unit can be quickly and easily installed into the R-22 regulator (left picture) to convert it to a full reserve unit (right picture).

With the V-1JR unit, a V-2K valve is easily converted into a complete constant reserve unit (V-2J).

SWIMASTER DIVING FINS

DUCK FEET—FIRST CHOICE OF U.S. NAVY UDT

(F) 2F75 GIANT UDT DUCK FEET.....\$15.75 pr.

The U.S. Navy Underwater Demolition Teams have been using this original model for many years. They know as well as other experts throughout the world that DUCK FEET are unrivaled among all swim fins. The tapered ribs "channel off" water resistance. DUCK FEET are symmetrical at all planes. Constructed of pure gum rubber to last a "lifetime" . . . perfect comfort with strong 400% stretch heel straps, the Giant DUCK FEET have no equal for diving or spearfishing. They float! Black (Pack 3, 21½ lbs.)

(F) 1F75 Amber Gum (Pack 3, 20 lbs.).....\$15.75 pr.

SIZES: Medium-Large, shoe sizes 8-9½; Large, shoe sizes 9½-11; Extra Large, shoe sizes 11-12½; Super Extra Large, shoe sizes 12½-14.

(F) A66B VOIT VIKING® GIANT FINS\$14.75 pr.

The biggest and the best giant size professional fins with exclusive Viking design. Extra wide blade and stiff ribs supply the extra powerful thrust needed for prolonged diving. Special, soft molded foot pocket always stays comfortable. Two-tone royal blue fins fit either foot. (Pack 6, 40 lbs.)

(F) A66BK Same as above except in black.....\$14.75 pr.

SIZES: Medium Large, shoe sizes 7-9; Large, shoe sizes 9-11; Extra Large, shoe sizes 12-up.

(F) 3F70 FULL FOOT DUCK FEET.....\$13.95

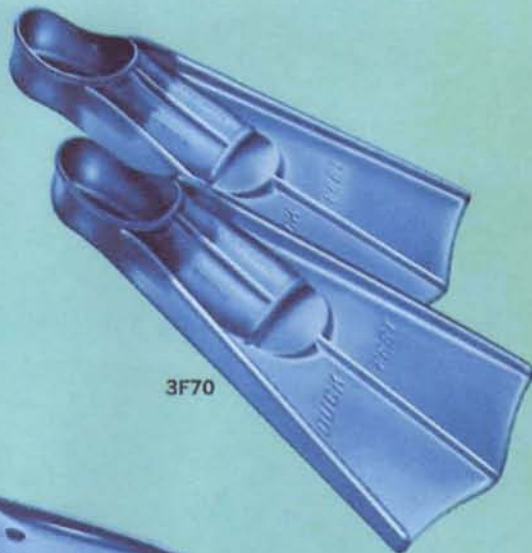

Full foot comfort and protection is here added to the incomparable power and quality found only in DUCK FEET. In the water or out, your feet are protected against rocks, coral debris, and marine life. The snug cushion-soft foot pockets add comfort and support to these sturdy, long lasting fins. Purest gum rubber, two-tone royal blue fins fit either foot. They float! With giant blades, the most powerful full foot pocket fins ever developed. (Pack 3, 16 lbs.)

SIZES: Medium, shoe sizes 6-8; Medium-Large shoe sizes 8-10; Large, shoe sizes 10-12; Extra Large, shoe sizes 11-13.

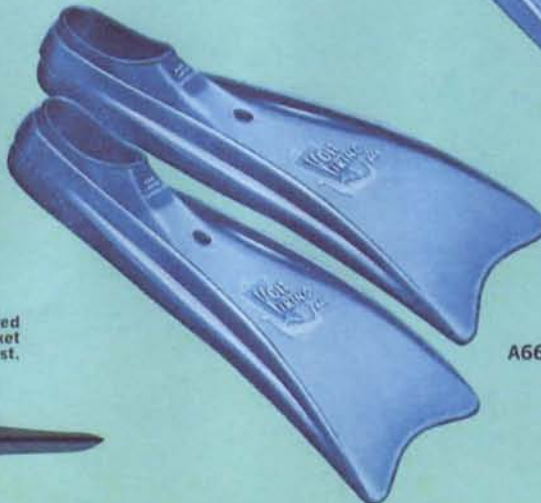

+++++
 + Voigt engineering and manufacturing leadership has +
 + combined to create two-tone fins. This indicated two +
 + special compounds—each formulated to do a specific +
 + job. The light blue blade area is stiff and heavy to give +
 + a powerful water-channeling thrust. The dark blue foot +
 + pocket is soft and pliable for complete comfort with +
 + enough body for protection and support to the heel and +
 + arch.

VOIT DIVING FINS

VOIT FINS—POPULAR CHOICE THROUGHOUT THE DIVING WORLD

3F45 CUSTOM DUCK FEET\$10.95 pr.

Comfort is the keynote, with a new kind of action especially suited to surfing and free diving . . . embodied in a new design patterned after fins originally used by surfers and spearfishermen in the Hawaiian Islands. Custom DUCK FEET fins provide maximum power and thrust, yet with a matchless measure of comfort that means hours of effortless diving. The Custom fin is molded by a special process using a rigid rubber in the outside ribs which give added thrust and power, and a soft, pliable rubber in the foot pocket for comfort and fit. They float! (Pack 3, 14 lbs.)

SIZES: Extra small, 3-5; Small, 5-7; Medium, 7-8; Large, 8-9; Extra large, 9-11.

A11 VOIT SKIN DIVER FINS\$11.50 pr.

Two-plane blade design gives a full power thrust and reduces leg fatigue. Stiff ribs channel the water. Full foot pocket with open toe has optional cut out heel strap. Two-tone royal blue fins fit either foot—and they float. (Pack 3, 14 lbs.)

Shoe sizes: Small 5-7, Medium 7-9, Medium Large 9-11, Large 11-13.

A6B VOIT VIKING® FINS\$11.50 pr.

Choice of the experts. Symmetrical, Viking-curved blade has raised ribs to channel the water and increase thrust. Soft, comfortable foot pocket. Two-tone royal blue fins fit either foot—and they float. (Pack 3, 12½ lbs.)

SWIMASTER SPEARFISHERMAN GUNS

PROVEN TO BE THE WORLD'S FINEST GUNS

Competition styled workmanship goes into the exclusive design putting slings, firing sear, shaft, muzzle and bushing on the same plane to eliminate inaccuracy due to shaft play when firing. Unique spring loaded trigger and line release make reloading quick and easy. Positive safety snaps on and off at a flick of the thumb, leaves other hand free. Corrosion resistant aluminum and stainless steel used throughout with improved protective finish on muzzle and grip. Surgical latex rubber slings, have unusual elastic qualities.

(F) 4G46 MAGNUM SPEARFISHERMAN GUN \$45.95

The ultimate for taking big fish. Big, powerful and beautifully balanced. Less kinking with the new stronger $\frac{1}{2}$ " polyethylene braided line, that won't expand or contract. The extra strong barrel is oversize to take the strain of the three super powerful slings without the slightest hint of shaft bow. 48" x $\frac{3}{8}$ " shaft. Comes with 84-292 detachable "Diamond Head" spear tip with free pivoting stainless steel cable. (Pack 1, 6 lbs.)

(F) 4G42 COMPETITION MODEL \$37.95

Same as above except with standard grip and muzzle plus

heavy wall barrel, making this the finest all-around competition Spear Gun. 48" x $\frac{3}{8}$ " shaft. Comes with 84-230 "Twin Spinner" spear tip. (Pack 1, 5 $\frac{1}{2}$ lbs.)

(F) 4G44 SAWED-OFF MAGNUM \$34.95

Has all the features of the Magnum except at a much shorter length for those who need a short, powerful gun. A two-sling gun, the 36" x $\frac{3}{8}$ " shaft comes with an extra notch for conversion to a three-sling model. Less kinking with 84-293 Fixed "Diamond Head" tip. (Pack 1, 5 lbs.)

(F) 4G40 TOURNAMENT MODEL \$30.95

Fast trigger action and long-life slings. Original features, developed after years of research and use by expert spearfishermen. 48" shaft comes with 84-230 "Twin-Spinner" point. (Pack 1, 4 $\frac{1}{2}$ lbs.)

(F) 4G32 CUSTOM MODEL \$22.95

A compact, powerful, all-purpose gun, designed for accurate shooting in rocky areas, murky waters and under conditions where maximum maneuverability is needed. 24" shaft with 84-225 single barb spearhead. (Pack 1, 3 lbs.)

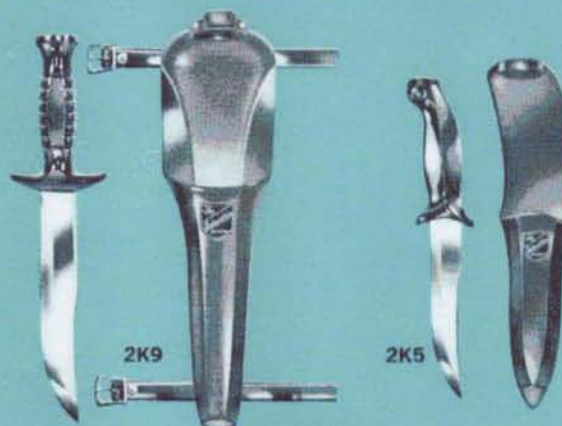

SWIMMASTER KNIVES & SPEARPOINTS

For the professional and discriminating diver who wants the very best, you can choose from a pair of the finest divers knives made. Precision engineered from the finest materials to meet the most rigorous of diving conditions.

- ◆ Heavy duty blade—Stainless steel, will not snap or rust
- ◆ Serrated edge—Satin finish, glare resistant
- ◆ Indestructible positive grip black handle
- ◆ Exclusive "Cap Lock" sheath, resists catching on objects
- ◆ Sheath made of flexible "ZETEFIN"—Withstands abuse

STAINLESS STEEL SPEARPOINTS

The finest selection of special-purpose spear points ever offered. All points are stainless steel carefully manufactured and selected to suit the most discriminating spearfisherman.

- (F) 84-225 SINGLE BARB \$2.50 ea.
Conventional single swinging barb, sets new quality standard for penetrating effectiveness for small fish to 5 lbs.
- (F) 84-265 TRIDENT POINT \$2.75 ea.
New triple barb, stainless steel point. Ideal for small fish.
- (F) 84-224 TWIN SPINNER ARROWHEAD TIP \$4.95 ea.
Exclusive new point design permits sure, deep penetration on every shot. Twin barbs prevent "spin-off" and hold firm.
- (F) 84-250 3" SLIP-TIP DETACHABLE \$3.50 ea.
Tri-cut, hollow ground point has exceptional penetration. Particularly good on small fish. Recommended for open water.
- (F) 84-217 4" TRI-CUT HEX SLIP-TIP \$3.95 ea.
Hex stock with hollow ground tri-cuts for deep penetration. Ribbed flutes resist bending. Has recessed holes through point for ease of penetration. For open water on fish to 300 lbs.
- (F) 84-246 4" ROCK POINT SLIP-TIP \$3.95 ea.
- (F) 84-247 5" TRI-CUT HEX SLIP-TIP \$4.95 ea.
Same as 84-217 except recommended for use in open water on large game fish to 500 lbs. The added 1" of length almost eliminates any chance for the barb to tear free.
- (F) 84-230 TWIN SPINNER TRI-CUT \$3.95 ea.
The last word in spearheads, features revolving double-barb. Spearfish can't "spin-off" the shaft or tear through. Barbs spin with fish and "hold" against any action.
- (F) 84-235 TRI-CUT TIP \$1.50 ea.
- (F) 84-240 TWIN SPINNER-ROCK POINT \$3.95 ea.
Same as Twin-Spinner Tri-Cut, featuring revolving double barb, except point is round cut for spearfishing in rocky areas.

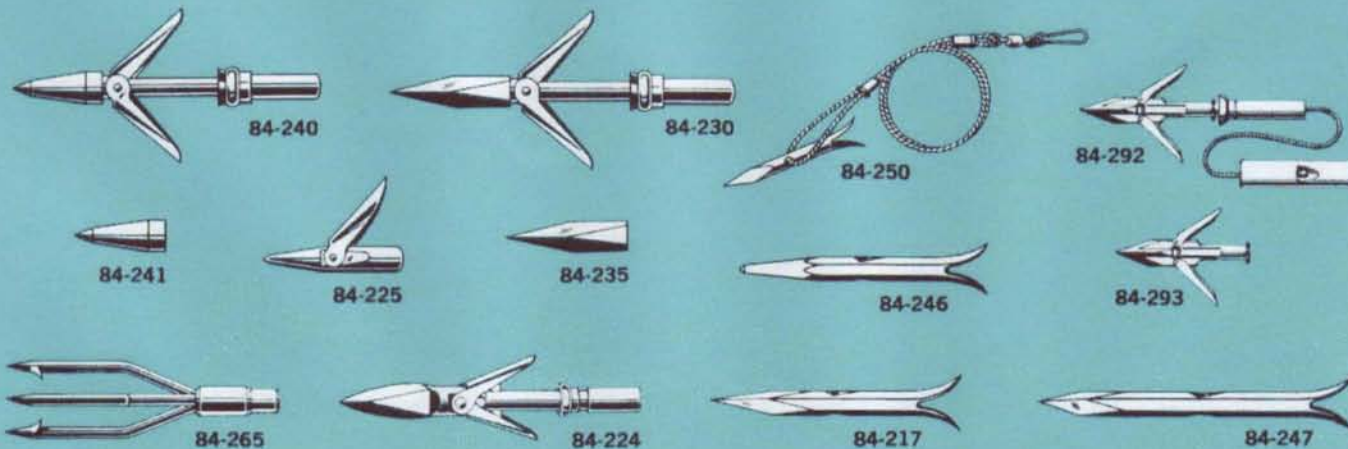

- (F) 84-241 ROCK POINT TIP \$1.00 ea.
- (F) 84-292 DETACHABLE DIAMOND HEAD \$6.95 ea.
Tri-cut point has three wings to hold the big ones. Stainless cable rotates at head and adaptor, eliminating any "wrap-up" while fighting fish. For open water use on fish to 500 lbs.
- (F) 84-293 FIXED DIAMOND HEAD \$4.95 ea.
Same as point on 84-292 except fixed.
- (F) 84-300 ADAPTER Adapts Swimmaster shafts to metric heads. (All pack and weight to order) \$1.50
- (F) 84-301 ADAPTER Adapts metric shafts to Swimmaster heads. (All pack and weight to order) \$1.50
